

The Fort Collins Dentist

We are a compassionate team committed to continual learning and quality service so that we can provide the best experience and dental treatments to our community. We strive to create a comfortable and upbeat atmosphere that will leave you feeling like part of our family. If you're still a little anxious about coming to the dentist then maybe our therapy dog, Minnie, will brighten your mood. Overall, our mission is to help you achieve your goals while having access to the best technology and products available to insure longevity in your dental health.

Dr. Allison Lesko and her team are highly trained in areas of:

- Cosmetic Dentistry
- Dental Implants and other dental surgeries
- Invisalign®
- Sleep Apnea
- And is the only provider of Teeth Tomorrow® full arch Zirconia bridges in Northern Colorado.

If you're looking for a warm, welcoming office who will provide exceptional care then please call us to join our dental family and feel like home.
